

Damp/Waterproofing Agreement

Toll Brothers
America's Luxury Home Builder™

GMX, Inc. is proud to announce the semi-exclusive damp and waterproofing agreement with Toll Brothers, Inc.

GMX, Inc. is a manufacturer and supplier of below-grade waterproofing products for the construction market and is the only ISO 9001:2000 certified manufacturer of waterproofing systems. In the 2008 *Builder Magazine*, Brand Use Study, GMX's Ultra-Shield consistently ranked among the most used, recognized, and averaged a 4 out of 5 quality rating in the exterior foundation waterproofing category.

GMX's Damp/Waterproofing Systems:

- Reduces heat loss, improves energy efficiency
- Prevents air leakage and soil gas entry
- Prohibits moisture from the outside air, from the ground, from the inside air, as well as that introduced during construction from getting into the basement
- Channels rain water and ground water run-off away from the home
- Environmentally safe, cost effective waterproofing systems
- Long-term product and performance warranties
